Auditor's Responsibility

Our responsibility is to express a conclusion on these financial statements. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2410, which applies to a review of historical information performed by the independent auditor of the entity. ISRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements are not prepared in all material respects in accordance with the applicable financial reporting framework. This standard also requires us to comply with relevant ethical requirements.

A review of financial statements in accordance with ISRE 2410 is a limited assurance engagement. We perform procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluate the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on these financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements of Conduit Capital Limited and its subsidiaries for the year ended 30 June 2021 are not prepared, in all material respects, in accordance with the requirements of the JSE Limited Listings Requirements for provisional reports, as set out in the Basis of Preparation note to the condensed consolidated financial statements, and the requirements of the Companies Act of South Africa.

Emphasis of Matter – Solvency Capital Requirement and Minimum Capital Requirement below regulatory requirements

We draw attention to Note 9 to the condensed consolidated financial statements, which refers to Constantia Insurance Company Limited not meeting their minimum Solvency Capital Requirement (SCR) and Minimum Capital Requirement (MCR) of 1.00 and Constantia Life Limited not meeting their MCR of 1.00 as prescribed in terms of the Insurance Act No. 18 of 2017. As explained in Note 9, should the planned initiatives not be successful, the SCR and MCR of these companies may not be restored to a minimum level of 1.00 in the short term. Our opinion is not modified in respect of this matter.
